

CHANGE OF ADDRESS FOR APLA HUNT TEST CERTIFICATES

APLA no longer prints its own title certificates. UKC handles all the printing and mailing of our certificates. Because UKC is an official dog registry, they cannot change the address on a dog's papers in their system without a change of address form. This form can be found on their website under registration -> additional services (<https://www.ukcdogs.com/additional-services>) and once complete, mail it to huntingops@ukcdogs.com and UKC will change the dog's registered address.

If UKC sends out a hunt test certificate and it is not received within 30 days of its being mailed out and the owner reaches out to let UKC know they haven't received it, UKC will send out another at no charge.
